

Understanding Your Child's Developing Brain

Presented by Michaele Selcke BS, MSM, OTR/L

Learn how your child's brain develops, how to recognize developmental delays and get tips on how to properly develop your child's brain. This is an informational presentation for parents and educators in our community.

Where: Douglass Elementary

When: Tuesday November 7th at 6:00pm

Michaele has 20+ years' experience as an Occupational Therapist. She holds 2 Bachelor degrees, and a Master's Degree. She is a Retired Major from the United States Army Reserve Specialty Corp and a Bronze Star Recipient. She has worked a multitude of settings including in schools ages Pre-K -12. Michaele has continuing education in the areas of sensory integration, processing disorders, mental health and orthopedics. She holds a certificate for her training with The National Organization for Victim Assistance (NOVA). She is now the Owner of 2 Brain Balance Centers and has been helping children in the community for the past 3 years.
